Written notice of the assessment shall thereupon be sent to the Members. The omission of the Board of Directors, before the expiration of any assessment period, to fix assessments hereunder for that or the next period, shall not be deemed a waiver or modification in any respect of the provisions of this Article, or a release of any member from the obligation to pay the assessment, or any installment thereof, for that or any subsequent assessment period, but the assessment fixed for the preceding period shall continue until a new assessment is fixed. No member may exempt himself from liability for assessments or carrying charges by a waiver of the use or enjoyment of any of the Common Areas or by abandonment of any Lot belonging to him.

Any assessment of the Association made shall be subordinate and inferior to any first mortgage duly granted in favor of a lender.

Section D. Acceleration Of Installments. Section F. Increase In Maximum Assessment.

(1) From and after January 1, 2006, the maximum annual assessment for all class A memberships hereinafter may be increased by the Board of Directors of the Association without a vote of the membership, by an amount equal to ten percent (10%) of the maximum annual assessment for the preceding year.

(2) From and after January 1, 2007, the maximum annual assessment for all class A memberships hereinafter provided may be increased above that established in the preceding subsection by assent of (1) the members representing fifty-one percent (51%) of a quorum of the class A memberships, subject to approval by the Developer while he is a class B member, at a meeting duly called as set forth hereinafter; or (2) fifty-one percent (51%) of the class B memberships. In the event of non-payment of an assessment within ten (10) days after it is due, the amount owed shall become delinquent and shall bear interest at the rate of twelve percent (12%) per annum and may also, by resolution of the Board of Directors, subject the member obligated to pay the same to the payment of such other penalty or "late charge" as the Board may fix. In the event of non-payment of an assessment within the ten (10) day period provided above, a lien affidavit setting forth the amount due may be filed against the Lot and the Lot owner thereof as authorized by and provided for in La. R.S. 9:1145 et seq. The Association is further authorized to file suit in its own name in any court of competent jurisdiction to perfect said lien and collect said
assessments, late charges and other penalties, as well as to enforce any other provisions of these restrictions and/or rules and regulations. The party cast in judgment shall pay all reasonable attorney's fees and costs.

Section H. Commencement Of Annual Assessment. One-half of the annual assessment for each class A membership shall be payable on the date of the Act of Sale of the Lot from the Developer, however the Owner shall not be responsible for that pro-rata share of the assessment accruing over the period of time preceding the date of his acquisition.

Section I. No Dues Discrimination. The imposition and assessment of dues and assessments shall not discriminate against any Lot Owner (including the Developer) or against any Lot or class or group of Lots unless the Owner so affected shall consent. No assessment or amendment to these restrictions shall operate to change any Lot Owner’s share of the total expenses of the Association, or change the voting rights of its members, unless the record Owner of the Lot concerned and all mortgagees, who have dully recorded instruments in the records of St. Tammany Parish and whose mortgage is registered with the secretary of this Association, shall join in the execution of such amendment or the adoption of such assessment or dues structure.

Section J. Attorney’s Fees. Subject to the limitations as herein above provided for, it shall be prohibited to install, erect, attach, apply, paste, hinge, screw, nail, build, alter, plant, remove or construct any lighting, shades, screens, awnings, patio covers, decorations, fences, hedges, landscaping features, walls, aerials, slabs, sidewalks, curbs, gutters, patios, balconies, porches, driveways, walls or to make any change or otherwise alter in any manner whatsoever the exterior of any improvements constructed upon any Lot or upon any of the Common Areas within the community, or to remove or alter any windows or exterior doors of any dwelling, or to make any change or alteration within any dwelling which will alter the structural integrity of the building or otherwise affect the Property, interest or welfare of any other Lot Owner, materially increase the cost of operating or insuring any Common Areas or impair any servitude, until the complete plans and specifications, showing the location, nature, shape, height, material, color, type of construction and/or any other proposed form of change shall have been submitted to and approved in writing as to safety, harmony and external design, color and location in relation to surrounding structures and topography and conformity with the design concept for The Fountains Subdivision by the Board of Directors of the Association or by the Architectural Control Committee designated by it.

Section B. Architectural Control Committee - Operation. The Architectural Control Committee shall be composed of three (3) or more natural persons designated from time to time by the Board of Directors without compensation. The Architectural Control Committee shall serve for the length of time set by and at the pleasure of the Board of Directors and may be removed and replaced by a majority vote of the Board of Directors. In the event the Board of Directors fails to appoint an Architectural Control Committee, then the Board of Directors of the
Association shall constitute the committee. The affirmative vote of a majority of the Members of
the Architectural Control Committee shall be required in order to adopt or promulgate any rule
or regulation, or to make any finding, determination, ruling or order, or to issue any permit,
consent, authorization, approval of the like pursuant to the authority contained in this Article.

Section C. Approvals and Permits. Upon approval by the Architectural Control Committee
of any plans and specifications submitted pursuant to the provisions of this Article, a copy of
such plans and specifications, as approved, shall be deposited among the permanent records of
such Committee and a copy of such plans and specifications bearing such approval, in writing,
shall be returned to the applicants submitting the same. In the event the Architectural Control
Committee fails to approve or disapprove any plans and specifications which may be submitted
to it pursuant to the provisions of this Article within sixty (60) days after such plans and
specifications (and all other materials and information required by the Architectural Control
Committee) have been submitted to it in writing, then approval will not be required and this
article will be deemed to have been fully complied with. The Architectural Control Committee
shall be entitled to charge a reasonable fee for reviewing plans and specifications submitted to it.
The fee schedule shall be set and entitled by the Board of Directors.

Section D. Limitations. Construction or alterations in accordance with plans and
specifications approved by the Architectural Control Committee pursuant to the provisions of
this Article shall be commenced within six (6) months following the date upon which the same

forbearance from action, as in Section 3 of this Article provided), and shall be substantially
completed within twelve (12) months following the date of commencement, or within such
longer period as the Architectural Control Committee shall specify in its approval. In the event
construction is not commenced within the period aforesaid, then approval of the plans and
specifications by the Architectural Control Committee shall be conclusively deemed to have
lapsed and compliance with the provisions of this Article shall again be required. There shall be
no deviations from plans and specifications approved by the Architectural Control Committee
without the prior consent in writing of the Architectural Control Committee. Approval of any
particular plans and specifications or design shall not be construed as a waiver of the right of the
Architectural Control Committee to disapprove such plans and specifications, or any elements or
features thereof, in the event such plans and specifications are subsequently submitted for use in
any other instance. In the event the construction or alterations are not substantially completed
within the twelve (12) month period specified herein above, the Architectural Control Committee
shall have the further right to impose fines, penalties or sanctions for non completion.

Section E. Remedy of Committee. Any act, omission or commission in violation of this
article may be enforced or restrained by injunctive relief without the necessity or obligation of
the Association to furnish a bond for any injunctive relief. In any successful action by the
Association against a Member to enforce the provisions of this article, the Member shall pay all
reasonable attorneys fees.

The approval of the Architectural Control Committee or, in its absence, the Board of
Directors of the Association, shall be evidenced by a certificate certifying that a majority of
either the Architectural Control Committee or, in their absence, the Board of Directors, has
consented to the variance, signed by the secretary of either the Architectural Control Committee
or Board of Directors of the Association, as the case may be.

I. No Lot shall be used for the purpose of boring, mining, dirt removal, quarrying, exploring for or removing oil or other hydrocarbons, minerals, gravel or earth.

Each Lot shall be maintained in a clean and sanitary condition, free of trash, rubbish and other offensive matter. Dead trees shall be removed by the Lot Owner at the Lot Owners expense. The failure of the Lot Owner to comply with this section shall authorize the Association to provide the necessary work, labor, materials and maintenance necessary to bring the Lot into compliance and charge the Lot Owner for the expense as an additional assessment owed by the Lot Owner. The collection of amounts owed shall be made in accordance with the rights and remedies provided in Article VII, Section 3, hereof.

No fences shall utilize barbed wire, creosote posts, chain link or mesh wire fence material. The Owners of the Lots separated by a fence shall be equally responsible for all maintenance, repair or reconstruction of that particular side fence, unless any such repair or reconstruction is necessitated by damage resulting from the negligence or neglect of one of the Owners, in which event, said negligent Owner shall be solely responsible for the cost to repair or reconstruct the fence. Any fence that is repaired or rebuilt must comply with the material and height limitations set forth herein and must be compatible with the other fences in the subdivision. Any and
all repairs or rebuilding of a fence must also receive prior written approval from
the Developer, while he is a Class B member, and by the Architectural Control
Committee.

The provisions hereof may be enforced, without limitation, by the Association, by any Owner of any Lot which becomes subject to the provisions hereof.

There shall be and there is hereby created and declared to be a conclusive presumption that any violation or breach or any attempted violation or breach of any of the within servitudes, privileges or restrictions cannot be adequately remedied exclusively by recovery of damages.
